

Hello ÉJHS families,

Now that you have settled into a routine and we are in our fourth week of learning, we just wanted to send out a welcome on behalf of the staff at ÉWMMS.

The staff at both schools have worked very hard to accommodate the huge number of changes that have occurred over the summer and the last 6 months. It has been an extraordinary time and amid all this, you have had to uproot and replant yourselves in a different school for a relatively short period of time, for some of you.

We would like to express our gratitude to the staff of ÉJHS for their patience and understanding with the extended work that has gone on at the school. There was much to accommodate and they really showed a great deal of perseverance as things slowly improved (ie: the parking issues, classroom clean-ups, roof construction, etc).

We would be remiss if we did not mention you, the parents/guardians, for your support and tolerance during this upheaval. Moving your children to an unfamiliar school that is truly not designed as an elementary school is a challenge. You have embraced this wholeheartedly, and we commend you for this.

Once again, as staff at ÉWMMS we would like to welcome you to our home as your beautiful building is being constructed. We are sure that we will have a collaborative and productive partnership moving forward.

Jeff Seabrook, Heather Jelinski and team
Principal and Vice Principal, ÉWMMS
