

LA SEMAINE EN REVUE

ÉCOLE J. H. SISSONS SCHOOL 14-18 JANVIER 2019

Principal's Message

Although they announce cold weather for the upcoming week, it is still important to dress warmly in case the temperature rises and/or the wind speed decreases.

Mornings During Extreme Cold Weather

When arriving at school and the temperature is too cold, the students are invited to come in and sit in the foyer until the bell rings. They do not go to their classroom to drop off their backpacks or clothing. When the bell rings, each grade level is asked to proceed to their classroom, in a calm and efficient manner. Thanks you to those parents who made it out last Thursday to the presentation by the Department of Education and Yk#1 District Office. You are encouraged to attend the collaborative sessions Yk#1 will be hosting in the upcoming months to gain parent input into the relocation of Sissons students for the fall of 2020.

If you are unable to attend any of the sessions, once announce, be sure to send your ideas to Wendy Lahey or Katherine Harris, PAC co-chairs, at jhspac@gmail.com.

Regular Day

Each year, from mid-January to February, students are invited to submit words of thank you to their teachers or to a previous teacher that has made a difference in their lives.

Entries are collected all over the Northwest Territories schools where a school-based draw will determine one entry to submit into the NWT wide Grand Prize draw.

This year, the Thank You For Making a Difference campaign will start on January 14th and continues until February 1st.

You can either print the paper at home and send it to school or go online and submit the form.

Math Information Evening for French Immersion Parents

Grades 4 to 8

YK1 is proud to invite you to an information evening with Renée Michaud, French Immersion Math Consultant.

Title: Understanding and Memorizing are TWO Different Things

Target audience: **Parents of children in grades 4 to 8 in French Immersion**

Location: YK1 Portables (behind YK1 Board Office).

Date: January 24, 2019

Time: 7 - 8 pm

Description:

Math is Math. Back in the day, we were asked to memorize a lot of things. Today we expect just as much but in a different way. Come and see what the difference is and, how important your role is in making sure your child succeeds in Math.

Registration mandatory. Register no later than Friday, January 18, 2019
