- \*Subway Lunch
- \*ASAP: Dance
- \*EverActive presentation JHS 6-8 pm
- \*Public Meeting at RLN 7pm
- \*Soccer Registration & money due - Mme Stéphanie

### Vendredi 26 avril

- \*Puddle Reward (Weather Permitting)

### PUDDLE REWARD

Former JHS students who are parents may recall getting a Puddle Reward Afternoon once every spring. This year will be the 2nd Annual return of that tradition. **Students are asked to stay away from puddles during regular school hours.** They will have the chance to experience playing in the puddles for the last part of the afternoon **Friday, April 26.**

**Please make sure to send:**

- full change of clothes
- rubber boots
- splash pants

The students who take the bus or go to the after school care will have to change their clothes before leaving. If any children part of the 2 above scenarios do not have a change of clothes they will not be permitted to participate in the puddle reward.

This is a reward and if deemed not merited that will be communicated to the parents by the Homeroom Teachers.

This activity was so much fun, we look forward to it again!

Parents are reminded that the drop-off zone is just that. Parents should not be getting out of their vehicle to let their children out of the car. If this is needed then they should park in the angled parking area. Another reminder is that the school is a **NO IDLE ZONE** - vehicles should be turned off when bringing your child into the school.

There are a few puddles in the playground so it is important to send extra clothing with your children to school. Pants, socks, mitts, and underwear are the minimum extras that need to be packed. The office has some clothing but not enough at times.

# Accommodation of Students Letter Meeting Dates and Locations

April 18, 2019

To all parents and stakeholders:

**Re: Accommodation of students during construction of new École J.H. Sissons (2020-2022)**

After several meetings with Taylor Architecture Group (TAG), the GNWT's Department of Infrastructure and the GNWT's Department of Education, Culture and Employment (ECE), a draft accommodations plan with scenarios has been developed for two school years (2020-2022). TAG has completed walkthroughs of École William McDonald Middle School, École Sir John Franklin High School, N.J. Macpherson School and Range Lake North School and is now tasked with facilitating meetings with parents to discuss draft scenarios and other options that may come forward during these meetings.

In partnership with Yellowknife Education District no. 1 (YK1) and ECE, TAG will host three public meetings so that parents have multiple opportunities to hear draft scenarios and provide input. These meetings will take place at:

- **École J.H. Sissons:** Tuesday, April 23 at 7:00 p.m.
- **École William McDonald Middle School:** Wednesday, April 24 at 7:00 p.m.
- **Range Lake North School:** Thursday, April 25 at 7:00 p.m.

These meetings are open to all parents and stakeholders, regardless of where their children are currently enrolled. TAG will aim to put forward the most workable accommodations plan possible while minimizing student disruption during the construction of a new École J.H. Sissons from 2020-2022. All involved parties look forward to hearing input from parents so that their recommendations can help shape this exciting project.

**ECOLE J.H. SISSONS SCHOOL GYM**

# **GAMES AND ACTIVITIES**

*to optimize self-regulation*

When children and youth have the opportunity to develop the skills needed for self-regulation, they are better suited to make healthy choices that affect them and their classmates. Join Ever Active Schools as we explore how classrooms and community programs are the optimal settings to promote these skills through fun, creative and original activities.
